# WHO ARE WE...

The Communication Management & Policy (CMAP Association) is one of the student clubs established under the Faculty of Communication and Media Studies, UiTM Shah Alam. The CMAP Association aims to develop, sustain, and enhance the leadership skills and professional values of its members through various programmes and activities. The association advisor is a lecturer of Communication Management and Policy Programme that appointed by rotation. The CMAP Association is headed by the elected President and 21 committee members with each specialisation, respectively. The student committee changes with the practice of passing down the charge to the juniors within the given period. There were several strategic programmes being carried out throughout of each academic year. The activities aim to create a strong culture of togetherness, collaboration, and unity in the realms of an ethical future communication professionals.

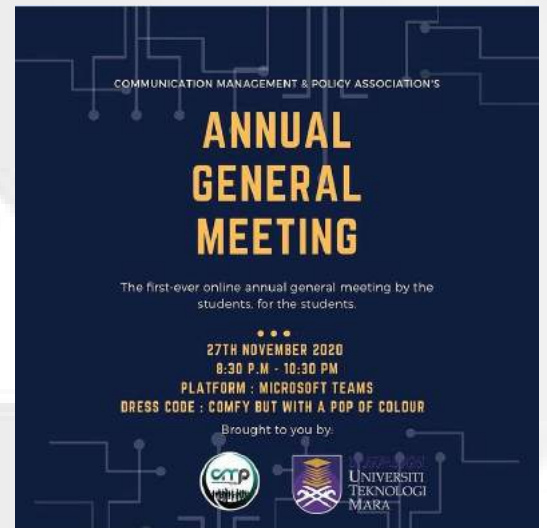

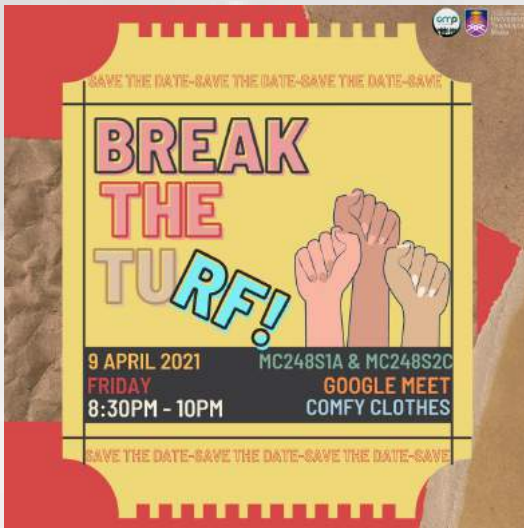

## "Creating Leaders of Tomorrow"

is our motto that leads our goal to produce future leaders in communication management and policy areas. The future communication specialists are capable of planning, managing, and inventing the best practice for organisation within the framework of life-long learning imparted in various student's programmes.
