know the club.

Adgency is the official students' association for Bachelor of Mass Comm. (Hons.) Advertising UiTM Shah Alam where we are dedicated in helping the students of Advertising get the most out of their degree experience. This includes guiding students regarding the official academic matters to providing platforms for them to enhance and showcase their skills as well as hosting exciting and insightful events such as Freshmen's welcoming parties, Career Talks, personal development workshops and many more!

With our motto ***Bridging the Gap***, we strive in making up for the loss of precious physical moments between all the Advertising community in the campus so students do not detach themselves from the fact that wherever they are, they are still proud students of MC244.

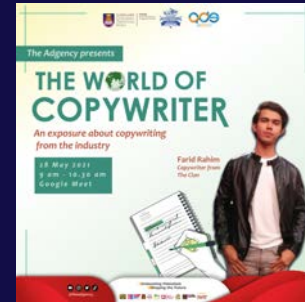

We know we've made it when the students find themselves at the age of 40, reminiscing about the good ol' days when they were young, silly and surviving.
